

**Volunteer with
KMSTC!**

COLLECTION TIN COORDINATOR

Hundreds of pounds are raised for us each year as a result of our collection tins which are placed in businesses across Kent which allows us to continue our vital work.

As our Collection Tin Coordinator, your role will be to make sure that the collection tins in your area are well managed and also to represent KMSTC to the businesses which have tins.

Your role will include:

- Researching new locations for our collection tins
- Developing relationships with businesses at tin locations
- Counting and banking donations
- Placing and replacing the collection tins four times a year

This role would be ideal for you if you are sociable, numerate and well organised. We will guarantee that you receive the appropriate training and support so that you can feel confident in your role.
